

EUMAA  
European Masters of Aligners

## Masters of Invisible Orthodontics for Specialist Orthodontists

*The European Masters of Aligners is recognised by Align Technology  
and includes an official certification to treat patients with the Invisalign system*

# Masters of Invisible Orthodontics

*The European Masters of Aligners is recognised by Align Technology and includes an official certification to treat patients with the **Invisalign system***

The Programme is led by Specialist Orthodontist **Dr Raman Aulakh**, an Invisalign Platinum Elite Provider, who has extensive experience training doctors in this clear aligner technique.

## Blended Learning

Each module is a blend of theory and hands-on sessions. The hands-on sections are taught at London Dental Education Centre - LonDec - in the Skills Lab.

## Support

Access to an online educational platform, dedicated mentoring to address your questions regarding clinical cases and ClinCheck treatment plans.

## Continued Education

Exclusive Study Clubs. Courses specifically dedicated to your team of assistants and/or hygienists.

## Exclusive Rates

Take advantage of our negotiated rates with companies in the dental industry, for products and services ranging from equipment to consumable items which make treating with Invisalign as effective as possible.

## MODULE 1 (Oct 21-22, 2016)

On the first day attendees receive the Invisalign user ID to start working!

### Theory session

Step by step Invisalign, IDS, marketing, what Invisalign can do!

### Hands on session at LonDec
